PRIVATE MEMBERS’ BUSINESS

Notices

1  MR COE: To present a Bill for an Act to amend the Lands Acquisition Act 1994. (Notice given 12 February 2018).

2  MS LE COUTEUR: To move—That this Assembly:

   (1) notes that:

   (a) much of Canberra was built between the 1950s and the mid-1980s and Canberra’s older Town Centres – Woden, Belconnen and Tuggeranong – are recognised as needing urban renewal;

   (b) urban renewal is more than selling vacant sites and approving very tall buildings – it needs more comprehensive strategic planning and delivery approaches that bring together delivery of community facilities, affordable housing, street life, parks, transport upgrades and planning rules;
(c) urban renewal that is not done well can result in conflict between developers and the community, dormitory centres with low quality of life and missed opportunities on sustainability, affordable housing and active transport;

(d) while the city and inner areas are booming, Woden, Tuggeranong and Belconnen Town Centres are suffering from a lack of focus;

(e) the Government established the City Renewal Authority to bring better urban renewal to the city and Northbound Avenue corridor;

(f) Woden, Tuggeranong and Belconnen Town Centres and the Kingston Arts Precinct, are currently managed by the Suburban Land Agency, which is set up to build new suburbs and is not designed to deliver broader urban renewal; and

(g) Light Rail Stage 2 will have broader impacts on the Woden Town Centre and surrounds; and

(2) calls on the ACT Government to declare the following areas to be Urban Renewal Precincts for the purposes of section 35 of the City Renewal Authority and Suburban Land Agency Act by the end of June 2018:

(a) Woden Town Centre and surrounds;

(b) Belconnen Town Centre and surrounds;

(c) Tuggeranong Town Centre and surrounds; and

(d) Kingston Arts Precinct. (Notice given 12 February 2018. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks—standing order 125A).

3 MRS JONES: To move—That this Assembly:

(1) notes:

(a) ACT Ambulance Service has a minimum crewing level of 10 emergency ambulances for each and every shift plus two demand crews each 24 hour period;

(b) of the 730 shifts in 2016-17, only 427 shifts met this minimum level, while 303 shifts were below the minimum; and

(c) 41.5 percent of ACT Emergent Ambulance shifts in 2016-17 were below minimum crewing; and

(2) calls on the Government to:

(a) explain to the Assembly why ACT Ambulance Service is grossly under resourced; and

(b) advise the Assembly by the last sitting day in April 2018 of the dates and shift types of each emergency ambulance shift which fell below minimum crewing in 2016-17. (Notice given 12 February 2018. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks—standing order 125A).
MS CHEYNE: To move—that this Assembly:

(1) notes the ACT Government’s commitment to meeting the health and wellbeing needs for Canberrans now, as well as into the future, including through the following initiatives:

(b) improving timeliness and access to emergency health care through the $23 million Emergency Department expansions;

(c) $6.3 million for elective surgery procedures to help patients access treatment within recommended timeframes;

(d) for the sixth year in a row, ACT Ambulance Service response times are the best in the country and will be boosted by recruitment of 24 additional paramedics, as well as two new ambulances, in addition to the recruitment of 11 paramedics currently underway;

(e) $12.4 million to build a new primary health care centre for Aboriginal and Torres Strait Islander Canberrans in the inner south for which planning is already underway;

(f) $1.5 million for new grants to incentivise more bulk-billing services in Canberra’s south, complementing local primary care health services;

(g) $3.4 million for two additional mobile dental vans to provide for better dental care;

(h) $4 million in new resources specifically for preventative health initiatives in addition to establishing Year 7 health checks for students and new school based immunisation programs;

(i) establishment of a three year homebirth trial recognising the role of individual choice in safe birthing options;

(j) establishing a clinical genomics service in collaboration with Australian National University;

(k) $436 000 over three years for participating in Molecular Screening and Therapeutics (MoST) Trial, a rare cancer treatment trial;

(l) participation in the Pre-Exposure Prophylaxis HIV prevention trial;

(m) upgrades to the helipad at The Canberra Hospital (TCH) in 2017;

(n) improving inpatient access to medical imaging and wait times;

(o) investment to increase and develop the ACT Health workforce including $36 million for more nurses and a targeted approach to attracting specialists;

(p) operational efficiency improvements within the ACT Health Directorate to increase capacity to deliver health services and minimise patient wait times; and
(q) the dedication of the ACT Health workforce to strive to deliver excellent health outcomes for Canberrans through the efficient delivery of services across our health settings;

(2) further notes the ACT Government focus on investing in evidence-based mental health and suicide prevention services, with $23.8 million provided for mental health initiatives in the 2017-18 ACT Budget, including:

(c) expansion of the Child and Adolescent Mental Health Service Consultation and Liaison Service at TCH to provide services seven days per week;

(3) further notes the activity underway through the Territory-wide Health Services Framework to plan for the delivery of health services to:

(a) meet current demand and future population growth;

(b) deliver better coordinated, integrated care which is patient-centred;

(c) create specialty service centres to coordinate across the continuum of care;

(d) leverage the expertise of health stakeholders and the community; and

(e) develop a framework for patient care navigators who assist patients with chronic and complex health conditions; and

(4) calls on the ACT Government to continue its significant infrastructure investment and planning taking place to ensure we have the right services to meet demand and population growth now and into the future, including through:

(a) $95.3 million for infrastructure improvements and maintenance through the Upgrading and Maintaining ACT Health Assets project;

5 **MS LEE**: To move—That this Assembly:

(1) notes that:

(a) a number of bus routes throughout Canberra have been altered or cancelled from 9 October 2017;

(b) this change was done without any proper consultation with regular commuters or residents in the area that rely on these bus services;

(c) a significant number of commuters who rely on these services are older and mobility impaired Canberrans who are no longer able to, or cannot, drive; and

(d) the new routes service fewer areas and leave many commuters forced to:

   (i) walk longer distances to a bus stop; or

   (ii) travel on a service that is less frequent; or

   (iii) travel on a service that is slower; or

   (iv) change buses and take two or more bus routes to get to major town centres and hubs like Civic, Woden, Tuggeranong, Gungahlin and Barton; and

(2) calls on the ACT Government to:

(a) apologise to Canberra residents for failing to consult with them about what changes should and were being made;
