School infrastructure program and maintenance upgrades: does \$99 million over 4 include Garran; what is the allocation for each of those streams of that \$99 million; how much is there for thermal, for roofs, for inclusions; what is the allocation for the next financial year and also the forecast over the four years?

MINISTER BERRY The answer to the Member’s question is as follows:–

The funding for Garran Primary School Redevelopment is separate from the \$99 million School Maintenance and Infrastructure Upgrades program.

The forecast allocation between streams of work within the School Maintenance and Infrastructure Upgrades program is:

In addition to the funding provided for 2021-22, the Directorate is budgeted to receive a further \$73.978 million in infrastructure funding over the period 2022-23 to 2024-25, bringing total funding to \$99.433 million. The breakdown of this funding in the forward years will be determined based on needs and priorities at the time.
