To the ACT Legislative Committee, I am an Australian citizen and I live in Canberra. I am an adult, a woman, a mother and a wife, so as you can see, this matter concerns me greatly and also it concerns my future generations to come. Firstly, I DO NOT AGREE OR CONSENT ON ABORTION and this is the reason why. I would like to provide an overview of Australia Constitution, as a democratic country with values and rights endowed by God. The right for every child to be born should not be decided by the mother, the government, the State or the doctors. A conceived child is a child of God and ONLY GOD gives life, and ONLY GOD take them away. As a religious nation, you should consider our Sacred book, the Holy Bible, Genesis, Chapter 9.1 and God blessed Noe and his sons and He said to them “ increase and multiply, and fill the earth”. Genesis, Chapter 9.6“ Whosoever shall shed man’s blood, his blood should be shed: for man was made to the image of God”. Exodus Chapter 20. The 10 Commandments “ you should not kill”. As you can read, the warning is very clear, the life of every child born or in gestation is Sacred and we mothers, fathers, family, community, etc, have the obligation to RESPECT, PROTECT, PROMOTE and ENCOURAGE the gift of life without interfering, terminating, shortening, modifying or destroying life for the saque of any unfounded excuses that all they do is defying and disobeying the Law of GOD. It is the obligation of the government and political leaders, serving God, and entrusted by God, to remember that they will be judged against what they have done, and what they have fail to do. I am going to be judged also for my deeds too, and so, this is the reason, I am making this submission. I wish more time was given to discuss such an important issue. Political leaders have the obligation and the responsibility to maintain and apply God’s law, do not forget that. I also would like to point out that I have met women and partners that have consented the abortion of their children, action for which they have never recovered, becoming a trauma in their lives for committing the murder of their children, whom God entrusted to them. I have met people without descendancy and therefore, no legacy. These people end up in nursing homes all by themselves, sad and lonely. I think there is inadequate knowledge on the issues by most members of our society that unfortunately, think that terminating the life of a child is a solution, like removing an unwanted skin mole without understanding that what they are actually doing is killing a human being. It is murder. Full stop. An act of barbarism, cruelty, impiety. I wish the medical professionals will show videos of abortion to women before the abortion takes place. But this does not happens, these centres do not want to show the truth of how they kill the babies inside or outside the womb, the instruments they use and where the bodies of the babies end up, how these babies are sold to science for the production of cosmetics, food , medication, medical treatments etc. Furthermore, if babies are born alive, they are dismembered into pieces to obtain the desired organ. It is an undisclosed industry that sacrifice humans without mercy. That information is not disclosed prior to an abortion. If the committee is contemplating approving, extending or continuing these barbaric abortion laws, they should be aware of the information stated above and witness such act of barbarism. NO I DO NOT AGREE OR CONSENT ON ABORTION. I am making this submission and I hope you won’t discard it due to some technicality. I will be praying for all of you and for your enlightenment and good discernment on this matter. God bless you all. Natalia Alvarez
