Dear Mr Cain

Response to Scrutiny report 26 - DI2022-265 - Building and Construction Industry Training Levy (Government Board) Appointment 2022 (No 1)

As part of its legislative scrutiny role, the Standing Committee on Justice and Community Safety released Scrutiny Report No 26 on Tuesday 14 March 2023. In this report, the Committee made comment on Disallowable Instrument DI2022-265 relating to the Board Chair appointment for the ACT Building and Construction Industry Training Fund Authority

I note the Committee's comment that the explanatory statement for the instrument did not meet the technical or stylistic standards expected by the Committee.

In future, explanatory statements for this position will state that the appointee is not being appointed to the position to represent the interest of either employers or employees in the building and construction industry.

I appreciate you bringing this issue to my attention.

Yours sincerely

Chris Steel MLA
