

## **Statement pursuant to Standing Order 246A**

Mr Speaker, pursuant to Standing Order 246A, I wish to make a statement on behalf of the Standing Committee on Environment and Planning providing an update on the reporting date for the Committee's inquiry into Petition 002-25: Hawker Village shops redevelopment.

The Committee had hoped to present its report during the final sitting week of the year. Unfortunately, the Committee has not been able to meet that timeframe. However, I can assure the Assembly that the Committee remains committed to concluding this inquiry and intends to present its report before the end of this calendar year.

The Committee recognises the significance of this matter to the Hawker community and appreciates the patience and engagement of all stakeholders as we work to ensure a thorough and considered report.
