

To whom it may concern

I am writing in support of the Brumbies proposal to seek a variation to the Territory Plan No. 307 – Griffith, ACT, section 42 – Block 15 to allow for residential development.

I would just like to provide my full support to this proposal even though I am not a resident of Griffith or in the immediate surrounds. I fully believe that our population here in the ACT and the wider areas, understands the needs of our beautiful city going ahead - and that I know many people are coming to Canberra lately for work and that the population is growing. A suburban complex / apartment block / town houses is a great idea for this beautiful area, close to the popular Manuka and Kingston dining/social places in our inner south. This area in Griffith is well located in terms of access to employment, services and facilities, including public transport. Also it is in close proximity to the politicians whom of course frequent our nation's capital all throughout the year, and they of course rent / buy accommodation during Parliament sitting times.

I believe the Griffith Oval No. 1 has been refused development – I fully support this – It is a lovely oval and it should be listed down as a 'heritage listing' if it has not already. However sites such as the disused bowling club should be made available to all Canberrans.

Kind Regards

Raewyn Miners
