ROLE OF THE COMMITTEE

The Committee examines all Bills and subordinate legislation presented to the Legislative Assembly. The Committee does not make any comments on the policy aspects of the legislation. The terms of reference contain the customary principles of scrutiny that enable the Committee to operate in the best traditions of totally non-partisan, non-political technical scrutiny of legislation that have been adopted, without exception, by all scrutiny committees in Australia. Such non-partisan, non-policy scrutiny allows the Committee to assist the Assembly passing into law Acts and subordinate legislation that comply with the high ideals set out in the terms of reference.

BILLS

Bills Upon Which Comment is Offered

The Committee has examined the following Bills and offers the following comment:

Limitation (Amendment) Bill 1993

This Bill reduces the period during which an action for recovery of revenue collected under a revenue measure found to be invalid may be instituted from the present period of 6 years to 6 months and provides that a limitation law is to be regarded as part of the substantive law rather than as a procedural measure.

Taxation (Administration) (Amendment) Bill (No. 2) 1993

This Bill seeks to protect revenue from claims for a refund of a revenue amount paid before a non-legislative change of the law has occurred.

Is There a Possibility of Prejudicial Retrospectivity?

It appeared to the Committee that these two bills, if enacted, could interact in their operation. The Committee queries whether it is possible for their interaction to result in prejudicial retrospectivity.
