LEGISLATIVE ASSEMBLY COMMITTEE OFFICE	
SUBMISSION NUMBER	4
DATE AUTH'D FOR PUBLICATION	10 Apr 07

Dear Sir or Madam

Re: Action buses.

I realise that you are calling for public submissions or inquiry into Action buses, so I must apologise for not writing this in the submission form.

Rather this is just simply a letter regarding the Action buses from an ordinary individual person.

All I'd really like to say is that I'd love to have my car parked at home and only to be used for special occasions.

I travel on the bus fairly often

and it is just great. It is relaxing, hassle free and peaceful. Also through time, perfect strangers become familiar to one another whilst travelling on the same route, and conversations and smiles are exchanged.

All we ask is for a dependable bus service, but not at the hourly timetable that is currently happening in the suburbs.

The bus draws into Woden and sometimes there is a 40-50 minute wait for the next suburb route.

Please change it back to the buses in the suburbs every 1/2 hour. Also, could you not use smaller buses during the day in the suburbs.

The Express buses from one point to another ie Woden to Civic or the 300 etc, are very good.

In the main, the bus drivers are excellent, helpful and friendly. The buses are always clean and comfortable.

So all we want, that is the general public, is a decent + frequent bus timetable.

More and more of us would use the buses (4 for one) virtually every day, if the services were more frequent.

It is really poor and very bad the way it stands now, and please remember, that Canberra is the capital of Australia, not a little country town.

Please give us a user friendly bus timetable, something to suit a prosperous city.

Thank you

Yours sincerely
Mrs Catherine Ross
