

## Speaker's Response

Recommendation of the Select Committee on Estimates 2016-2017

### Recommendation 45

**The Committee recommends that the Office of the Legislative Assembly ensure all offices in the ACT Legislative Assembly have adequate access to Wi-Fi.**

The Office of the Legislative Assembly advises that it is currently in discussions with the ACT Executive and the Cabinet Office to examine possible funding arrangements. Options include a cost-sharing arrangement to facilitate implementation in the current financial year or, alternatively, the preparation of a joint budget submission for 2017-18.
