Subject: Inquiry into Billboards - Submission

I am STRONGLY opposed to any form of billboard advertising in the ACT.

The lack of billboards means that we the public are not bombarded with a form of advertising that destroys the visual amenity of the ACT. It's very nice to live in a city where one can enjoy the architecture, green spaces, and general amenity of this living - by way of flora and fauna - and vibrant city spaces without having to deal with visually repugnant advertising.

I moved to this city, a mere three a half years ago, because of the beauty in this city. The ACT retains it's beauty because of the unique nature of how it was managed from inception.

I would like the ACT to retain its uniqueness by preserving the no-Billboard concept so that others can enjoy the bush meets city lifestyle like I do.

In summary, let's preserve the visual amenity of the ACT by not allowing Billboards.

Yours faithfully,

Timothy Bogie
