End of Life Choices in the ACT

Submission Number: 124

Secretary,
Select Committee on End of Life Choices in the ACT
Legislative Assembly for the ACT
Canberra

Dear Madam/Sir,
I write as an Australian citizen and resident of the ACT to submit my views to the Select Committee. I believe that it is desirable for voluntary assisted dying to be made possible by legislation in the ACT. People who are suffering with terminal conditions should have the choice to die in an assisted, pain-free way. There are models, now in Australia, and around the world for legislation that makes this possible with systems that include safeguards.
I believe that the Federal legislation which prevents the ACT from legislating for itself in this matter impinges on the rights of ACT citizens, and should be overturned.
Yours sincerely,
Angela Woollacott
