Your submission: Dear Sir/Madam, The humanity has sunken to its lowest point in history as evidenced by the nature of this assisted suicide bill that is about to take effect in the state of NSW. There is no hope for the society in which its most vulnerable members are discarded & disposed of, in such an inhumane & despicable manner. Australia is a rich & resourceful country & there is simply no excuse for murdering the elderly & vulnerable youth, just because they are deemed costly to the healthcare system. What we need are intelligent & moral people in positions of power to be running this country. From that day onwards, I am sure, we will never have to see such deplorable & satanic bills forced upon our citizens in any shape or form. Thank you, Carmen
