Asked by **Jo Clay MLA** on 12 December 2023: Sam Engele took on notice the following question(s):

Reference: Hansard Uncorrected Proof Transcript, 12 December 2023, Pages 3-4

In relation to: Sustainable Household Scheme - Data on applicants

MS CLAY: Yes, great.

And feel free to take these on notice, if that is a better way to do them. Are you collecting data on whether the applicants are owner-occupiers or whether they are investment properties?

Mr Barr: Yes.

MS CLAY: Great. I would love a breakdown of data. Probably best to take it on notice for the products with that breakdown, owner occupier versus investment. And I am also really interested in the uptake of the new things that have been added, the insulation. I think electric motor bikes.

Mr Barr: Yes.

MS CLAY: And I do not know the best way for you to report on that because I do not know if you would do it month by month since they were added—

Mr Barr: Sure. Well I can—I have got some data—

MS CLAY: Yes.

Mr Barr: So, e-motorbikes—

MS CLAY: Yes.

Mr Barr: One.

MS CLAY: Yes.

Mr Barr: So that is pretty straight forward.

MS CLAY: Yes.

Mr Barr: Insulation, 180 applications, 106 installations—

MS CLAY: Yes, great. Okay.

Mr Barr: Yes.

MS CLAY: Yes. So maybe the breakdown of the investment owner occupier—

Mr Barr: Yes.

MS CLAY: —and the product type, would be great?

Mr Engele: I will take that on notice.

Andrew Barr MLA: The answer to the Member's question is as follows:—
