**THE CHAIR:** And how much money was spent on implementation of the current Age Friendly City Plan in the last financial year?

**Ms Davidson:** So are you wanting to identify just the amount of money that was spent to sort of provide the oversight and coordination of delivering on the plan or are you looking for how much was spent on delivering each of the action items in the plan?

**THE CHAIR:** Delivering.

**Ms Davidson:** Delivering on each of the action items? That might something that we would need to—

**Mr Stathis:** Yes, it would be across directorate. We would need to seek information across directorates—

**Ms Davidson:** And we would need to coordinate across directorates and collate that information, I think.

**THE CHAIR:** All right.

Emma Davidson: The answer to the Member's question is as follows:

The information required to respond to this question cannot be provided in the required timeframe.

Actions undertaken in the Age-Friendly City Plan have largely been undertaken within existing resources across ACT Government directorates. It is therefore not possible to identify resources dedicated to the coordination and implementation of actions within the Plan. It would be an unreasonable use of agency resources to attempt to source this information.
