MS BARRY: Just a quick supplementary just on that question around the disability employment and the proportion of people living with disability who are employed in across the public service. I know that there is a target that is set across. What percentage does your office, contribute to that percentage?

Mr Kelly: I would need to take that on notice, Ms Barry. Yes, I will need to take that on notice.

MS BARRY: Okay. Thank you.

Ms Suzanne Orr MLA: The answer to the Member's question is as follows:

People with disability represent 27% of the Office of Disability significantly exceeding the ACTPS employment target of 9% outlined in the ACT Disability Strategy 2024-2033.
