

## **Update on the Inquiry into the effectiveness of Fix My Street**

### **Statement pursuant to Standing Order 246A**

Mr Speaker, pursuant to Standing Order 246A, I wish to make a statement on behalf of the Standing Committee on Transport and City Services relating to the Inquiry into the effectiveness of Fix My Street.

This inquiry commenced under the Standing Committee on Environment, Planning, Transport and City Services and was transferred to the Standing Committee on Transport and City Services on 26 June 2025.

In the Assembly resolution referring the inquiry, the Assembly requested that the Committee report by the first sitting day of December 2025, that being today. The Committee held hearings for the inquiry on 14 and 15 October 2025, as well as a demonstration of the Fix My Street with officials from the City and Environment Directorate on 6 November 2025.

The Committee has also received over 50 submissions to this inquiry, including some detailed technical analyses of the existing Fix My Street system, and detailed proposals for alternative approaches.

Given the volume and complexity of the evidence received, and the need to do this evidence justice, the Committee will report on this inquiry in the February 2026 sittings.
