Good Morning,

I have just tried to call the CECA office but unfortunately received no answer.

I have been given information regarding possible fake Diplomas being used at My Little Star Giralang.

P05 and during my time there I observed and brought to attention staff being underpaid and other operational concerns to both the accounts manager and approved provider (disabled toilets being used as unsafe storage and sheds not having locks and cots being stacked on top of each other as a hazard). Unfortunately I believe the company was not able willing to make the changes to better the Early Childhood Sector P05

I have been given information by a current employee who advised me that 4 educators were given their Diploma within a week. This is obviously of grave concern considering the integrity of the sector and previous operational concerns. The employees were told this was a special 'RPL' for those who were on Visa's and who had worked in the sector for 2 years. However, I know one of the educators only just received her Cert 3 prior to my commencement which was less than a year ago. I am concerned that these educators are being counted as Diploma Qualified for compliance purposes as well as the fact that this destroys the integrity of the early childhood sector for those of us who have studied and are passionate about early childhood education and the welfare of the children in care.

I believe CECA did a spot check a few weeks ago, I would ask that these educator files please be checked and the Diplomas verified.
