Subject: Support for the Brumbies Proposal

Dear Sir/Ms,

I am writing in support of the Brumbies proposal of variation to seek support for the Territory Plan No. 307 – Griffith, Section 42, Block 15 to allow for residential development.

With regard to this development I agree with the refusal to develop the Griffith Oval, but feel that the disused bowling club on which the Brumbies currently reside and is a suitable site for development and should be made available for to all Canberran's.

Regards,
