

Legislative Assembly for the Australian Capital Territory

Erratum – Secretariat Annual report 2009-2010

1. The Summary of Committee Statistics 1989 – 2010 table on page 119 of the annual report has four figures included which were not calculated correctly. The correct figures are included below.

Financial Year	Meetings	Meetings (supported by CSO)	Total number of	Public hearings	Reports +	Reports (produced by CSO)	Total Reports
2009-2010	264	47	311	74	21	20	41

2. The heading for the table on page 117 incorrectly reads 'Overview of Committee Statistics for 2010-2011 (Seventh Assembly)' and should instead refer to the financial year 2009-2010. Included in the table is also an incorrect figure for number of public hearings held by the Standing Committee on Planning, Public Works and Territory and Municipal Services. The correct figure is included below.

7 th	Planning, Public Works and Territory and Municipal Services	38	5	5	0	14
-----------------	---	----	---	---	---	----

The Secretariat will amend the electronic copy of its annual report public on the Assembly website to reflect these changes and cause of copy of this erratum to also be published.

Max Kiermaier
Acting Clerk

2 November 2010
