Hi Mark

I recently heard on your radio commentary you were wanting to hear from people who have been fined around the so called 40 km zone in city (marcus clark st)

I had been fined there on the 7th July 2021 at 8.56 pm and being a person who does not like to owe money crankily paid it. I dont feel like I was speeding as always thought the limits were 60 klm per hour in this area.. Im sure this is a money revenue excise and am very disappointed.

I found this infringement very frustrating as I honestly did not see any 40 km signs around when being in that area and had no clue that this was in force otherwise I would of done this speed.. I thought 40 km zones were for school areas and no schools there..

to finish off is there a case that I may get reimbursed this \$301 and 1 demerit point .?

If you could help out please contact me on info below

Thanks Mark

David Gruber
