Answer Due Date: 1 August 2024

**THE CHAIR:** For my substantive I will actually continue a bit about women in construction. There was a tender awarded to CFMEU for women in construction industry liaison officer, RFQCS2211512, around \$150,000 to conduct industry liaison and report back. What specific reporting milestones were in the tender response?

**Mr Steel:** I will take that on notice.

**THE CHAIR:** Thank you. And were they all met?

**Mr Steel:** Yes, I will take that on notice.

**THE CHAIR:** Thank you. What report recommendations did the report make? Sorry, you said you would take that on notice? Which recommendations have been implemented in full or in part or in progress? And what specific changes have you made to the government's women in construction policy and programs as a result of the project and its recommendations?

**Mr Steel:** I will take that on notice, but as I noted, we have got some work happening, consulting on the women in construction.

Yvette Berry: The answer to the Member's question is as follows:

1. The request for quotation (Reference ID: CS2211512) contained key deliverables for the tender. The key deliverables for the project were:
  - Detailed Project Plan
  - Communications and Engagement Strategy
  - Progress Reports
  - Final Evaluation Report.
2. Yes.
3. Recommendations can be found on page 58 in the Industry Coordination Project Final Report under Publications and Resources at: [ACT Office for Women - ACT Government](#).
4. All recommendations are consistent with existing ACT Government initiatives.
5. The project itself supported the ACT Government's commitment to support gender equality and increasing the participation of women in traditionally male-dominated industries under the ACT Women's Plan, which is in alignment with the recommendations in the report.
