ANSWER TO QUESTION TAKEN ON NOTICE DURING PUBLIC HEARINGS

Asked by Ms Nicole Lawder MLA on 29 August 2022: Mr Shane Rattenbury took on notice the following question(s):

Ref: Hansard Transcript 29 August 2022 Page 9

In relation to: Lake Tuggeranong Stage 1 and 2 Healthy Waterways Funding Breakdown

MS LAWDER: Are you able to tell me, over the stage one and stage two, of Healthy Waterways initiative, how much has been spent specifically on initiatives for Lake Tuggeranong?

Mr Rattenbury: Why do we not take that one on notice as well? Yes, we can, is the answer. And we will provide a similar detailed table.

Mr Shane Rattenbury MLA: The answer to the Member's question is as follows: –

A total of \$35.79 million (excluding GST) has been spent to date, or committed to be spent, for water quality infrastructure and lake/catchment research in the Lake Tuggeranong catchment by the ACT Healthy Waterways program, comprised of:

- Stage 1 (original Commonwealth-ACT Government investment, 2014-2021) – \$25.85 million
- Stage 2 (Expanding Healthy Waterways, 2021-2023) – \$9.94 million

These figures do not include funding spent on activities such as water quality modelling, public education, or project and construction management, which are conducted across the ACT, including Tuggeranong.

The figures above consist of funding initiatives since the joint Commonwealth/ACT funded project.
