The Committee Secretary  
Inquiry into Billboards

I wish to make a submission to the Inquiry into Billboards.

I do not support any move to change the advertising regulations for the ACT. I wish the regulations to be retained exactly as they are.

I do not wish to see the built environment of this city turned into a background for advertising. I do not wish my city to be turned into Parramatta Road, Sydney.

I do not support the placement of billboards ANYWHERE.

I trust that this is sufficiently clear for you.
