Incident Time	02:30 PM

Further Details of the Incident	At 2.30pm, child, P01P01 (P02) climbed up onto an outdoor table on the grass in the outdoor learning environment. P01 was asked to climb down from the table. As he attempted to climb down, he lost his balance, and slipped off the table, landing on his right arm. First aid was administered to P01 and ice was applied to his forearm where he was initially protesting in pain. The initial first aid assessment deduced no further injury to P01 as he was able to move his arm, there was no obvious swelling, and he was responding calmly. A courtesy call was made to P01, where we let her know of the accident, and would call her back if anything more were to come of the injury. At approximately 3.20pm, P01 was brought to me (P0:P01, Director), complaining of more pain in his elbow. Upon inspection, there was a lump and further swelling, and P01 was clearly uncomfortable. A further call was made to P01, giving her an update, and she requested an ambulance be called for him. She arrived at about 3.50pm which is when paracetamol was administered by her. The ambulance arrived at approximately 4pm, and was on site for 15minutes before taking him to Canberra Hospital. Families were notified of the ambulance on site at 4.10pm on Storypark (our communication platform), and then via email at 5.20pm.
Details of Action Taken (e.g. First Aid)	Ice pack applied to forearm initially where pain was at 2.30pm. Ice again applied at 3.20pm when additional injury became noticeable. Sling was attempted to be applied but refused by P01
Please detail what steps were taken to ensure parents were notified as soon as practicable, including time, date and nature of notification	P01 P01 called immediately at 2.34pm via telephone on 20.3.22
Name of Witness to the incident	P01P01 , P0:P01
Please detail what steps were taken or will be taken to prevent or minimise this type of incident in the future	Educators will ensure the children are not climbing on the furniture to sit on tables. The table will have drawing placed on it to ensure children note it is a table, not a climbing implement.
