Notices

*1 MS LE COUTEUR: To present a Bill for an Act to amend the Magistrates Court Act 1930 and the Magistrates Court Regulation 2009. (Notice given 21 November 2019).

*3 MS CHEYNE: To move—that the Assembly:

(1) recognises that:

(a) the Commonwealth Government conferred self-government on the Australian Capital Territory in 1988; and

(b) after more than 30 years of self-government, the ACT has a:

(i) robust and established parliament;

(ii) strong jurisdictional identity; and

(iii) community which has an expectation that elected, local representatives should and will be able to decide on issues that matter to it;

(2) notes that while section 122 of the Constitution empowers the Commonwealth to make laws for the ACT and Northern Territory on any subject:

(a) it rarely exercises this power; but
(b) where it has exercised this power has been on social issues relating to
human rights where the federal parliament’s view has been out of step
with ACT citizens’ views;

(3) notes with disappointment the continued existence of subsections 23(1A)
and (1B) in the Australian Capital Territory (Self-Government) Act 1988
(Cwlth) which exclude the ACT from the power to make laws with respect to
voluntary assisted dying;

(4) determines that the Commonwealth denying the ACT the freedom to debate
and pass legislation that reflects the democratic will of the people it
represents fundamentally undermines democratic principles; and

(5) calls on:
   (a) the Federal Parliament to:
       (i) resolve that no Australian citizen should be disadvantaged with
           respect to their democratic rights on the basis of where they live;
           and
       (ii) remove subsections 23(1A) and (1B) from the Australian Capital
           Territory (Self-Government) Act 1988 (Cwlth); and
   (b) all ACT Legislative Assembly party leaders to write to their federal
counterparts before the end of 2019 requesting their commitment to
remove subsections 23(1A) and (1B) from the Australian Capital
Territory (Self-Government) Act 1988 (Cwlth) in 2020. (Notice given
22 November 2019. Notice will be removed from the Notice Paper
unless called on within 4 sitting weeks – standing order 125A).

debate (from 23 October 2019—Mr Gentleman).

Notices—continued

*4 MRS JONES: To move—That this Assembly:
   (1) notes that despite the importance of the Coombs Peninsula to the local
       community, the ACT Government plans to allow approximately 30 dwellings
       to be developed on the Coombs Peninsula via the land release program;
   (2) further notes the Coombs Peninsula is an important public asset and
       residents bought into the area understanding that it would not be
       developed; and
   (3) calls on the ACT Government to remove the Coombs Peninsula from the land
       release program and protect it from multi-dwelling development. (Notice
given 25 November 2019. Notice will be removed from the Notice Paper
unless called on within 4 sitting weeks – standing order 125A).

*5 MR GUPTA: To move—That this Assembly:
   (1) notes that:
(a) Australia is facing significant water constraints;
(b) from late 1996 to mid-2010, much of southern Australia experienced a prolonged period of severe dry conditions known as the Millennium Drought;
(c) in 2006, then Prime Minister John Howard described the drought as a “one in a thousand years” drought, yet we are seeing more droughts of that severity more often;
(d) conditions across the Murray Darling Basin are at their most severe in 120 years of records;
(e) Australia’s water security has already been significantly influenced by climate change; rainfall patterns are shifting, and the severity of droughts has increased; and
(f) these conditions have placed significant pressure on water availability in the ACT;

(2) further notes the ACT Government’s achievements in ensuring the ACT’s long-term water security, in particular, the significant investment made by the ACT Government:

(a) to increase water storage, with capacity in the ACT growing around 35 percent from 205 gigalitres to 278 gigalitres since 2012;
(b) to add new water sources, including stormwater harvesting and reuse at the neighbourhood level in the inner-north;
(c) to oversee major reductions in demand on water resources through increased efficiency as a result of water sensitive urban design and permanent water conservation measures; and
(d) in 2010, the ACT introduced a scheme of permanent water conservation measures, administered through Icon Water which includes rules and guidance around matters such as garden and lawn watering, pool filling, and cleaning with potable water which are mandatory and enforceable; and

(3) calls on the ACT Government and Icon Water to:

(a) continue to implement and promote the comprehensive ACT Water Strategy, Striking the Balance 2014-2044, which provides the basis for continuing to support current and future growth, achieve desired environmental outcomes and be responsive to climate change; and
(b) hold consultations with water stakeholders and relevant experts and report back to the Assembly on the Government’s findings from these consultations before 1 July 2020. (Notice given 25 November 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).

*6 MISS C. BURCH: To move—That this Assembly:

(1) notes that:

(a) since the last motion debating Canberra’s bus network (dated 14 August 2019), with regards to weekend buses:
(i) the Minister for Transport agreed to a motion calling on the Government to produce a Weekend Bus Service Reliability Action Plan on 15 August 2019;

(ii) on 15 August 2019, the Minister for Transport claimed the priority of the ACT Government was on bus driver recruitment and volunteer uptake of weekend services, but has not done anything to incentivise an uptake in weekend shifts;

(iii) the Minister for Transport announced cuts to weekend bus service frequency to every two hours for suburban services on 16 August 2019;

(iv) the Minister for Transport released the details of the Weekend Bus Service Reliability Action Plan on 28 September 2019;

(v) the Minister for Transport released a substantively new weekend bus timetable on 28 September 2019;

(vi) the 2018-19 Transport Canberra and City Services Annual Report states that “service reliability on weekends has been well below the target”;

(vii) as per a Freedom of Information request provided on 8 November 2019, the Government did not know how many drivers it needed to recruit to be able to service the whole network as of July 2019;

(viii) the Minister for Transport provided a Quarterly Update on the Transport Action Plan in October 2019, which stated that “incrementally increasing weekend services to meet the Network19 plan” had “not yet commenced”; and

(ix) when providing the quarterly update on the Transport Action Plan to the Assembly on 24 October 2019, the Minister refused to provide a resolution date to the weekend network reliability issues;

(b) since the last motion debating Canberra’s Bus Network (dated 14 August 2019), with regards to suburban bus services:

(i) fewer Canberrans in the suburbs of Belconnen, Woden and Tuggeranong are using the public bus network, as per patronage data released in late August 2019;

(ii) there has been a survey undertaken by the Women’s Centre for Health Matters in relation to women’s safety on public transport due to ongoing safety concerns with waiting at bus stops and long walking distances at night;

(iii) data from the 2018-19 Annual Reports showed that the bus network failed to achieve its 99.5 percent target for “Services Operated to Completion”;

(iv) data from the 2018-19 Annual Reports depicted a 21 percent decrease in overall network satisfaction from 83 percent in 2017-18 to 62 percent in 2018-19;
(v) despite fewer Canberrans being serviced by Network19, bus network operating costs are well above their target of $5.35 per network kilometre for 2018-19;

(vi) the Minister has refused to guarantee a date of resolution for issues plaguing Network19; and

(vii) despite over 130 adjustments being made to Network19, the ACT Government is yet to deliver the bus network promised to Canberrans;

(c) since the last motion debating Canberra’s Bus Network (dated 14 August 2019), with regards to dedicated school services:

(i) the Minister tabled the ACT Government response to the Impact of Network19 on School Students on 24 September 2019;

(ii) data from the ACT Government response to the Impact of Network19 on School Students depicted student patronage remaining broadly level on the public bus network during weekdays;

(iii) data from an incoming ministerial brief provided to the Minister also supports this, stating that the patronage on school days by school students has been broadly level compared to 2018; and

(iv) despite the data showing patronage remaining broadly level, the Minister for Transport has continued to claim that student patronage has increased;

(d) Light Rail services are operating at or above capacity during peak hours, resulting in delays and inconvenience for commuters using the service; and

(e) the uncertainty regarding the procurement, design and delivery of a new integrated public transport ticketing system, promised in early 2018, and scheduled for implementation in 2019, and is yet to be delivered as of November 2019; and

(2) calls on the Minister for Transport to:

(a) fix the problems plaguing Network19 as a matter of priority, specifically:

(i) reinstate weekend suburban services to the frequency promised under Network19;

(ii) reinstate express commuter services for residents in Tuggeranong and Belconnen;

(iii) reverse the removal or closure of 752 bus stops across Canberra;

(iv) reinstate all dedicated school services that were lost under Network19; and

(v) reinstate commuter services during peak times down Northbourne Avenue to complement the at-capacity Light Rail services; and
(b) procure and deliver a new integrated ticketing system as a matter of priority. (*Notice given 25 November 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*7 MRS JONES: To move—That this Assembly:

(1) notes:
   (a) the current mismanagement of the Alexander Maconochie Centre (AMC) by the Minister for Corrections and Justice Health; and
   (b) this mismanagement is causing great distress to staff, inmates and families of both, undermining the mandate of the facility, which was supposed to make rehabilitation of inmates better because they were closer to family;

(2) further notes that under the Minister’s watch, the AMC has been plagued with:
   (a) deaths in custody;
   (b) multiple escapes from custody;
   (c) record rates of assaults against inmates and guards;
   (d) a state of emergency declaration after a hole in the perimeter fence was found;
   (e) the accidental release of a prisoner;
   (f) high rates of illicit drug use;
   (g) high methadone use without a methadone exit program;
   (h) low staff morale, with 93 resignations in three years; and
   (i) that these failures undermine the mandate of the AMC and are causing great distress to prison staff, inmates and their families;

(3) calls on the Minister for Corrections and Justice Health to resign; and

(4) calls on the Chief Minister to appoint a new Minister for Corrections and Justice Health to return the morale of staff, the morale of inmates and a restoration of some level of confidence to families that their loved ones are being supported in their rehabilitation. (*Notice given 25 November 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*8 MS LEE: To move—That this Assembly:

(1) notes:
   (a) the value teacher librarians bring to students and our school communities;
   (b) that teacher librarians are front line educators for students at all levels of schooling;
   (c) only four in 10 ACT Government schools have a qualified teacher librarian, down from six in 10 five years ago;
   (d) teacher librarians are front line educators for students at all levels of schooling;
(e) in the ACT only four in 10 ACT public schools have a qualified teacher librarian, down from six in 10 a few years ago; and

(f) the ACT Council of P&C Associations has been calling for a qualified teacher librarian in every government school in ACT Budget submissions for numerous years, without success;

(2) further notes that the Edith Cowan University conducted research into teacher librarians and found:
   (a) many teacher librarians do not feel secure in their jobs, with the library often the first place principals looked when they needed to cut costs;
   (b) teacher librarians who are qualified teachers with Masters degrees in librarianship are either not being replaced or replaced with well-intentioned library officers with no qualifications; and
   (c) concerns that the insecurity of teacher librarians in schools will lead to fewer people seeking a career as qualified teacher librarians; and

(3) calls on the ACT Government to:
   (a) demonstrate a commitment to the engagement and retention of teacher librarians in ACT Government schools by:
      (i) allocating funds in the 2019-2020 Education budget specifically for the engagement of qualified teacher librarians; and
      (ii) giving priority to schools with higher levels of students from disadvantaged backgrounds to ensure they have appropriately staffed school libraries; and
   (b) establish a plan to encourage, support and recruit more teacher librarians. (Notice given 25 November 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).

9 MR COE: To move—That this Assembly notes:

(1) ACT Government policies have contributed to huge increases in the cost of living in Canberra;

(2) significant household costs in the ACT include property taxes, electricity, gas, vehicle registration and parking;

(3) ACT Government decisions have led to hardship amongst Canberra’s poorest residents; and

(4) calls on the Government to take the pressure off Canberrans by:
   (a) not increasing the cost of electricity;
   (b) ensuring gas is available to future households;
   (c) stopping Labor’s unfair rates and land tax increases; and
   (d) not penalising Canberrans for using their cars. (Notice given 23 September 2019. Notice will be removed from the Notice Paper unless called on within 2 sitting weeks – standing order 125A).
MRS DUNNE: To move—That this Assembly:

(1) notes:
   (a) the importance of government providing a public mental health system that is efficient, timely, effective and safe for patients and staff; and
   (b) Mr Rattenbury has been the Minister for Mental Health for three years and conditions for staff and patients have deteriorated over that time;

(2) further notes:
   (a) the Adult Mental Health Unit (AMHU) at The Canberra Hospital has been operating at and above capacity for the past two years;
   (b) it is apparent that funding of four additional beds in the AMHU in 2019-20 is providing little if any relief to capacity problems;
   (c) development of the adolescent mental health unit is more than two years late;
   (d) the Office of Mental Health and Wellbeing did not open until July 2018 and did not have a coordinator-general until December 2018;
   (e) the average waiting time for admission to the adult mental health unit was 16.2 hours in 2018-19, 140 percent higher than the average of 6.7 hours over the previous five years;
   (f) data released by the Australian Institute of Health Welfare shows that, in 2017-18, only 43 percent of mental health presentations to ACT emergency departments were seen on time, compared to the national average of 67 percent, and represents the worst performance measure in Australia;
   (g) the number of people waiting in emergency departments to be admitted to the AMHU increased by 140 percent in 2018-19;
   (h) the Australasian College for Emergency Medicine says that mental health patients in emergency departments take longer to treat than other patients;
   (i) increasing mental health presentations and wait times put additional pressure on overall emergency department performance;
   (j) in the years 2012 to 2017, there was an annual average of 29 assaults on mental health staff, with 109 assaults in 2018, an increase of 274 percent;
   (k) there is a high proportion of patients with mental health issues who return for further treatment within 28 days of discharge; and
   (l) the Minister for Mental Health has supported de-criminalisation of recreational marijuana cultivation, possession and use, despite advice that the use of recreational marijuana has shown to be associated with substantial adverse mental health effects, some of which have been determined with a high level of confidence; and
calls on the Minister for Mental Health to provide a statement to the Assembly by the last sitting day of February 2020, outlining what he will do to fix the problems in the mental health system including how the Government plans to deal with new patients who present to the public health system with mental health problems associated with recreational marijuana use. *(Notice given 21 October 2019. Notice will be removed from the Notice Paper unless called on within 3 sitting weeks – standing order 125A).*

   (a) is implementing measures that support all Canberra households in the ACT and is improving the liveability of our entire city in response to global climate change;
