

Recommendation	ACT Audit Office response
Recommendation 1 The Committee recommends that the Auditor-General provide to all Members of the Legislative Assembly its annual Performance Audit Recommendations Observations prior to the commencement of Annual Report hearings.	Noted. The Audit Office intends to present the annual <i>Performance Audit Recommendations Observations</i> report to the Public Accounts and Administration Committee and the Integrity Commission and Statutory Office Holders Committee later this year, following the tabling of ACT Government agency annual reports. It is our understanding that this report is then distributed by the Committees to all Members of the Legislative Assembly prior to the Annual Report hearings.
