Inquiry into referred 2018–19 Annual and Financial Reports
ANSWER TO QUESTION TAKEN ON NOTICE
7 November 2019

Asked by Mark Parton MLA:

In relation to the number of current Building Surveyors Licensed:

MR PARTON: Yes. Okay. Building surveyors; can I just ask first up how many building surveyors are currently licensed in the ACT? I am assuming, Mr Green, that you will have that figure at your fingertips, the way you operate?

Mr Green: Strangely enough, I do not think I have the number of building surveyors on me. I can probably tell you the number that were issued in this last year, which was 15. I think broadly—I mean, someone will get the exact figure for you, but broadly at any one point in time, given there are a number of the building surveyors licensed in the ACT and are licensed in other jurisdictions and do not necessarily base their business here, so I think we are thinking there are around 70 to 100 that are active at any one time in the ACT.

Gordon Ramsay MLA: The answer to the Member's question is as follows:—

As at 13 November 2019 there are 109 building surveyors licensed in the ACT.
