In relation to: Special needs transport buses

MR CAIN: Minister, regarding the number of buses in service with Transport Canberra, I think it is table 25 on page 108, indicates that there are currently 455 buses in the fleet. Is this 455 number inclusive of the accessibility and special needs transportation fleet?

Mr McHugh: No. That number is the operational city buses that are running on the route network and excludes special needs transport buses.

MR CAIN: How many those buses are there?

Mr McHugh: I think I might hand to Judith Sturman who will have that level of detail on the SNT fleet.

MR CAIN: Or you can take that on notice just for sake of time.

Mr McHugh: Unless she has got the answer at hand.

Ms Sturman: Yes, Judith Sturman, Executive Group Manager of Transport Canberra. I have read and acknowledged the privilege statement. It is around 30 buses that we have that deliver the special needs transport. We can provide an accurate figure.

Mr Chris Steel MLA: The answer to the Member's question is as follows: –

Transport Canberra operates 19 Special Needs and Flexible Transport midi buses.
