

Advice of new inquiry – Inquiry into endometriosis and other pelvic pain conditions

Statement pursuant to Standing Order 246A

Mr Speaker, pursuant to Standing Order 246A, I wish to make a statement on behalf of the Standing Committee on Social Policy relating to its inquiry into endometriosis and other pelvic pain conditions.

On 4 December 2025, the Assembly resolved to request that the Committee undertake an inquiry into endometriosis and other pelvic pain conditions.

The Committee considered the Assembly's referral at its meeting on 5 December 2025 and commenced its inquiry on 8 December 2025.

Submissions for this inquiry are due by 3 April 2026, and the Committee will seek to hold public hearings later this year.

The Assembly resolution requested that, should the Committee adopt this inquiry, it reports back by the first sitting day in February 2027. At this stage, the Committee intends to meet the reporting date requested by the Assembly.
