

LEGISLATIVE ASSEMBLY
FOR THE AUSTRALIAN CAPITAL TERRITORY

QTON No. 45

STANDING COMMITTEE ON ENVIRONMENT AND TRANSPORT AND CITY SERVICES
MS TARA CHEYNE MLA (CHAIR), CANDICE BURCH MLA (DEPUTY CHAIR), JAMES MILLIGAN MLA

Inquiry into referred 2018–19 Annual and Financial Reports
ANSWER TO QUESTION TAKEN ON NOTICE
15 November 2019

Asked by Ms Nicole Lawder MLA:

In relation to: Provide a list of all playgrounds and maintenance and upgrade schedule

Mr Alegria: So there are two things there. I guess number one, the day to day maintenance is informed by our inspections and safety audits that we do. We do a big safety audit each year and we do safety inspections every week or every two weeks, depending on the type of playground, so that work happens in a continuous fashion.

In terms of refreshers and upgrades, as the minister alluded to, you know, we have got a significant program in the last financial year and in the coming—in the current financial year for upgrades to 20-odd playgrounds, plus significant upgrades to another five, plus some nature play, so there is a whole program around play space maintenance and upgrade.

MS LAWDER: Can you provide or provide a link to the committee of a list of all the playgrounds by address and the level of maintenance it will receive in the 19 to 20 year?

Mr Steel: I think there is probably a list of all the playgrounds, you know, we can provide in a link, but we might have to take on notice, you know, the upgrades. Yes.

Mr Chris Steel MLA: The answer to the Member's question is as follows:—

A list of playgrounds by address and inspection frequency is attached.

Maintenance works are undertaken as required, informed by routine inspections and an annual safety compliance audit. It is not possible to anticipate reactive maintenance to be undertaken in this regard.

In addition, 25 play spaces will receive programmed upgrade works which may include shade sails, painting, equipment replacement, softfall upgrading or provision of supporting facilities.
