Dear Committee Members

ACT Government is doing a very good job on improving bicycle safety. Sadly, National Capital Authority, right in the midst of Canberra has highly trafficked areas and a very cavalier approach to road safety for cyclists and pedestrians; doesn't adhere to national standards for signage; has unsafe road humps that are dangerous to cyclists; insufficient warning ahead of road hump obstructions; road humps made of concrete at too steep an angle to safely pass over; and ComCover taking an unsympathetic attitude to cyclists injured on NCA lands. Please assist by lobbying NCA, via our local members and Senators to call for improvements around Lake Burley Griffin and to fix these unsafe cycling areas such as the roundabout at the National Rock Garden, Barrenjoey Drive ACTON.

Regards

Ross Ford
