### Description

The provision that the inspector believes is being, or is likely to be, contravened by the activity (s196(1)(c)) is **WHS Acts** Section number - **19**

You are prohibited from carrying on the following activity, or the carrying on of the activity in a specified way:

Undertaking any hearings or committee meetings at Legislative Assembly of the Australian Capital Territory until a risk assessment has been undertaken, adequate control measures are implemented in line with the Hierarchy of Control, and consultation has been undertaken with all affected workers.

until the inspector is satisfied that the matters that give or will give rise to the risk have been remedied (s195(2)). The inspector reasonably believes that grounds for the issue of this notice exist (s195(1)), i.e. (a) an activity is occurring at a workplace that involves, or will involve, a serious risk to the health or safety of a person emanating from an immediate exposure to a hazard; or (b) an activity may occur at a workplace that, if it occurs, will involve a serious risk to the health or safety of a person emanating from an immediate or imminent exposure to a hazard.

Basis for belief (s196(1)(a))

I, Inspector Meaghan O'Connor, have formed a reasonable belief at 15:40pm on 12/08/2022, that the Legislative Assembly of the Australian Capital Territory has contravened section 19 of the Work Health and Safety Act. Section 19 states- A person conducting a business or undertaking must ensure, so far as is reasonably practicable, the health and safety of workers engaged, or caused to be engaged, by the person and workers

whose activities in carrying out work are influenced or directed by the person, while the workers are at work in the business or undertaking. The Select Committee on Estimates 2022-23 (the Committee) has not undertaken a risk assessment in relation to the planned activity 'Estimates 2022-23 Hearings' and has not consulted, so far as is reasonably practicable, with workers who carry out work for the business or undertaking who are, or are likely to be, directly affected by the activity. Workers have been directed to attend this planned activity face-to-face only, without alternative options being provided that are readily available to control and eliminate the risk.

Briefly, the activity that the inspector believes involves or will involve the risk, and the matters that gave or will give rise to the risk (s196(1)(b))

The Legislative Assembly of the Australian Capital Territory has not identified reasonably foreseeable risks in the workplace, or implemented adequate control measures in relation to potential and known risks. The risk is transmission of a biological hazard in the workplace, being Covid-19, without consideration of eliminating the risk (in line with the Hierarchy of Controls) in preventing contraction of the disease that could cause serious injury or death.

This Notice may include directions concerning the measures to be taken to remedy the risk or contravention. You must comply with the direction

1. Undertake a risk assessment in relation to face-to-face hearings or committee meetings at the Legislative Assembly of the Australian Capital Territory.
2. Develop and implement adequate control measures in line with the Hierarchy of Control pursuant to regulation 36 of the Work Health and Safety Regulation 2011.
3. Consult with all workers who are, or are likely to be, directly affected by the activity.
4. Provide evidence of the risk assessment, control measures, and consultation process having been undertaken to Inspector O'Connor via [meaghan.o'connor@worksafe.act.gov.au](mailto:meaghan.o'connor@worksafe.act.gov.au)

This notice must be displayed in a prominent place at or near the workplace, or part of the workplace, at which work is being carried out that is affected by the notice pursuant to section 210 of the Work Health and Safety Act 2011.
