WAC

Increasing the indexation on the WAC from 1 July 2017 to 3 per cent would raise about \$3.6 million over four years.

Increasing the indexation on the WAC to 3 per cent would increase the average consumer's water bill by about \$4 in 2017-18, \$7 in 2018-19, \$11 in 2019-20 and \$14 in 2020-21 (a total of about \$36 over four years) for a consumer that uses 200 kilolitres of water per year.
