Subject: Regarding Noise Enquiry into Live Music in the ACT - CBD

Dear Mary Porter – ACT Member MLA

The purpose of this email is to send a submission regarding the noise enquiry into live music in the ACT - CBD. I own a ... unit at the Waldorf. I am concerned about loud music interrupting the sleep of my hotel tenants. I have heard of Waldorf guests phoning the hotel management at late hours complaining of noise.

The noise (if allowed at all across from a residential building) should be contained within the venue/premises. Noisy venues should not be placed adjacent to residential properties. The Waldorf was established first. The night club was fully aware of The Waldorf Apartments being opposite prior to the opening a nightclub and bar. Order of occupancy laws need apply in the case of the Waldorf.

Please forward this email on to the committee as my submission.

Thank you
Keith Porritt
