

Mr Zed Seselja
Chair of the
Standing Committee on Legal Affairs
ACT Legislative Assembly

19 December 2006

Dear Mr Seselja

Please find attached the Greens ACT submission to the Legal Affairs Committee inquiry into Dr Foskey's Protection of public Participation Bill. This document is quite similar to the Bill that is under scrutiny, but has been drafted with the intention of addressing the various substantial concerns which have been raised regarding Dr Foskey's original Bill. This Bill also encapsulates the concept of a right to public participation, something that the original Bill did not contain.

This document was prepared by the ACT office of Legislative Drafting under instructions from Dr Foskey, who intended to submit the document as a new Bill. The drafting instructions were the result of consultation between Greens members and offices in the ACT, South Australia and Victoria.

If you have any inquiries regarding this document, they would be best directed to Mr Andrew Collins, an ACT Greens member who works in Dr Foskey's office.

Yours Sincerely

A handwritten signature in black ink that reads 'A Wynberg'.

Andrew Wynberg
Convenor
ACT Greens
