*To the Minister and Committee members,
of planning and environment.*

Dear sir/madam,

*I am writing to appose the demolition of the Canberry
Fair and Heritage Village site off Antill Street Watson A.C.T.*

*I am a long term resident in Watson and enjoy this particular attraction
and surrounding bush land.*

*I am a senior citizen that loves our natural landscape and would like to
keep appreciating it in its present form. I think the Canberry Fair should
be maintained for family and social events not to mention the business
attraction for this area.*

**Your Sincerely
Joan platts**
